ABOUT VAFF

VAFF is the longest running Asian film festival in Canada. It was founded in 1995 and debuted in September 1997. Since then, tens of thousands of film lovers have experienced a diverse selection of North American-Asian and international films.

Each year VAFF attracts close to 5,000 audience members over its four-day festival and year round events. It also reaches many more through word of mouth, pre-festival events, and traditional and social media throughout the year.

In 2020 almost every regional, national and international film festival pivoted to offer programs online and VAFF was no exception. From these learnings, VAFF has adapted and expanded to become a hybrid film festival with both in person and virtual screenings.

VAFF is mostly organized and produced by a group of dedicated volunteers, and is made possible by generous financial support from corporate sponsors, public funders and private donors.

VISION

VAFF envisions a world where North American Asian actors and filmmakers have the resources and opportunities to shape mainstream culture in a powerful and positive way.

MISSION

VAFF is dedicated to promoting and celebrating the diversity and depth of Asian culture and identity in film and media, and to help North American Asian actors and filmmakers more authentically and more powerfully define and express themselves on screen.

Through its annual film festival and many other programs and events hosted in Vancouver, VAFF's mission is to engage in, support and amplify Asian presence in film and television.

LAND ACKNOWLEDGEMENT

We are grateful to live and work on the traditional, ancestral and unceded territories of the xʷməθkʷəy̓əm (Musqueam), Skwxwú7mesh (Squamish), and Selilwitulh (Tsleil-Waututh) Nations. We thank the First Nations, Métis and Inuit communities that have cared for Turtle Island since time immemorial. With this acknowledgment, we remind ourselves of discriminatory, racist and colonial practices that have and continue to create barriers for Indigenous peoples and communities across this land.

Barbara Lee
Founder and President

Welcome to the 27th edition of the Vancouver Asian Film Festival, Canada's oldest Asian film festival and Western Canada's largest racialized film festival. As we wrapped last year's festival, we witnessed the ground swell of support and momentum that "Everything Everywhere All at Once" was building towards awards season that culminated in the film being the most awarded film in history starring Michelle Yeoh and Ke Huy Quan and written and directed by the "Daniels" (Daniel Kwan and Daniel Scheinert).

As VAFF matures and continually reinvents itself to stay relevant and fresh, racialized diaspora content continues to grow its audiences and VAFF's mandate to incubate, elevate and showcase stories from Asian Canadian communities bodes well for the future.

VAFF's leadership in the community and across Canada is a testament to the hard work, passion and dedication of VAFF's Board, Executives and volunteers – THANK YOU! With this, I am sad for VAFF, but happy for Susan Hanson, as her term ends and she steps away to pursue other opportunities in the industry. When Susan first started with VAFF, one of her main goals was to raise VAFF's profile, which she achieved by launching the incredibly successful OVAAsian Awards Gala. THANK YOU, you will be greatly missed, but as I always say, no one ever really leaves the VAFF family. Also, a big shoutout to the entire Senior Executive team who each experienced watershed moments with their own programs - Regina Leung, aka, Director of Everything headed the "VAFF Takeover of East by Northwest (EXNW)", Lynne Lee, has elevated MAMM to beyond what Peter and I imagined for this program and under Audrey Wong's guidance, Eliminate8Hate has garnered the most Global PR awards in 2023 for any advocacy campaign resulting in Microsoft adopting E8's dictionary of Asian names. Also, Welcome to Jolie Chan for joining as VAFF ED and making everything more beautiful.

If the work that VAFF resonates with you, please reach out to our team to see how you can get involved. VAFF is actively looking for additional Board members.

Please show your support by "Liking", "Following", "Sharing" Asian Canadian content and by attending VAFF screenings and other similar community events.

See you at the Festival!

Welcome to the 27th Annual Vancouver Asian Film Festival! We are excited to continue our quest for representation and inclusivity with this year's theme of "Creating Opportunities". For the first time in VAFF's history, we were able to expand our platform to include West Asian Canadian films and we are thrilled about the prospect of having more West Asian Canadian representation in the coming years as VAFF continues to provide the platform and the opportunities for the Asian diaspora filmmakers and talents to showcase their work to the public.

As we continue our successful hybrid festival model for VAFF27, we expand the in-person portion of the festival with an additional full day, and a half day overlap, to bring our audience more films to the big screen! As always, we have an amazing lineup of films of various different genres as well as, the opportunities to meet filmmakers through Q&A sessions in addition to Industry Professionals, both locally and internationally.

I am always in awe of the talent and dedication that my team of volunteers have brought together to make this festival a growing success. As I end my term as the Festival Director, I want to express my most sincere gratitude to everyone on the Exec team and Committee, old and new, and to the Board for their support and trust in me. I step down knowing that VAFF is in very capable and talented hands and I continue my excitement for the future of VAFF!

Enjoy the festival and see you all in-person and online!

Susan Hanson
Festival Director

Jolie Chan

A MESSAGE FROM BURNABY-DEER LAKE MLA ANNE KANG

To the Vancouver Asian Film Festival,

I want to extend my congratulations to the Vancouver Asian Film Festival for reaching its 27th anniversary. It is an exciting opportunity for independent Asian filmmakers to promote their unique films, bringing the cultural exchange between Asian and non-Asian communities in Metro Vancouver. Sincerely,

Anne Kang

SHAPING THE FUTURE OF RACIALIZED FILM FESTIVALS

1. Is Racialized Storytelling Going Mainstream? (12pm - 12:45pm)

VAFF has gathered this distinguished panel of film festival and entertainment industry professionals from the North American Asian communities to discuss the most urgent challenges for racialized people working or aspiring to work in the screen industry in BC and across North America post COVID. Panelists will provide insights from an organizational and industry perspective to discuss the future of Asian film festivals given the shift towards more mainstream acceptance. Stats Canada is predicting a rapid change towards a greater racialized population over the next twenty years, making this a critical time to engage more racialized cast and crew through Panels and Workshops like this to include their voices are included with shaping the future of this industry ensuring multiculturalism, diversity, and inclusivity are key component while combating racism and racist barriers.

2. IATSE Lunch Meet and Greet (12:45pm - 1:30pm)

Come enjoy a light lunch and networking with some established IATSE 891 members and staff to learn more about organizing and what the union offers for its members and ways to enter the industry. Ideal for the zoom participants wanting to meet in real life.

3. Increasing BIPOC Creatives In Front and Behind the Camera Workshop (1:45pm - 3:00pm)

Historically racialized people faced significant barriers to entry creating a lack of representation in the screen industry at large. This pronounced under representation and below average years of experience in the industry have created greater hardships for BIPOC creatives during the recent writers and ongoing actor strikes. As well, there are many supports focusing on becoming a director or an actor, but much less for the wide range of other positions and opportunities in the screen industry that may not be receiving the same level of advocacy or opportunity. This community engagement will lay the foundation for developing a deep understanding of these challenges and opportunities for all racialized creatives striving to enter all aspects of the screen industry.

The 18th Mighty Asian Moviemaking Marathon (MAMM18) was another successful, record breaking year that concluded with a sold-out Screening Gala and Awards Presentation at the Vancouver Playhouse on August 26, 2023. ELIMIN8HATE OVERVIEW

As one of the pre-eminent racial advocacy groups in Canada, our social change arm, Elimin8Hate continues leading the way in promoting quality representation and dismantling structural inequities that impact the Asian diaspora in Canada.

2023 has been marked by significant achievements including:

Expanding Partnerships: Broadening our partnership with the Vancouver Canucks beyond in-game celebrations to create educational curriculum fostering inclusive workplaces that empower and amplify the voices of Asian Canadians;

Building Bridges: Forging connections beyond borders and communities including Chinatowns across North America, racial equity groups representing a diverse spectrum of Canadians, and Asian American advocacy groups, among others;

Ground-breaking Initiatives: Achieving a massive step forward with Microsoft reaching out to adopt our "Reclaim Your Name: Your Name is Not a Typo" dictionary into their ongoing Microsoft 365 updates. This ground-breaking collaboration eliminates the inequitable red-lining of Asian names in their Office suite. This impact of this initiative has been nothing short of remarkable, garnering global recognition including receiving the prestigious Webby award (the global internet awards), 2 Sabre awards (among the most prominent accolades in the North American PR industry), and was the standout initiative at Strategy's 101st Marketing Awards for Canadian creatives, winning 10 Golds awards and 2 Best In Show awards in the Multicultural and Public Service categories. Furthermore, our initiative was recognized on 2023 Fast Company's World Changing Ideas list.

This has been another momentous year and we are excited to cap off this record-breaking year by supporting the Vancouver Asian Film Festival to showcase films that celebrate and highlight the Asian Canadian diaspora.

Special thanks and appreciation goes towards our amazing partners and supporters including:

And finally to you, our contributors and donors whose support strengthens our ability to continue making our voice heard. We look forward to another impactful upcoming year.

VAFF @ EAST BY NORTHWEST (EXNW) GLOBAL SUMMIT

This past July, the Racial Equity Screen Office (RESO) presented its inaugural marquee event East by Northwest (EXNW) Global Summit at the JW Marriott Parq Hotel with its partner Gold House, the leading the Asian American Native Hawaiian and Pacific Islander cultural ecosystem that unites, invests in, and champions AANHPI content and companies.

VAFF Takeover of EXNW included sending the largest delegation to attend EXNW and Regina Leung, VAFF's Director of Industry worked closely with RESO's team to organize the Industry pitch sessions at 4 Michelin star and recommended restaurants (Vij's, Phnom Penh, iDen & Quanjude Beijing Duck House and Ahn and Chi) – Thank you to these restaurants for being so welcoming. The executive decision makers included Janice Chua from Imagine Entertainment, Brian Hamilton and Nicolle Rufino from Omnifilm Entertainment, Art Birzneck from Birch Tree Entertainment and Patrice Ramsay from Knowledge Network. Virtual pitches included Takashi Cheng from ChimeTV and Georgia Shearman from Bell Media. Many of VAFF delegates were able take advantage of these exclusive networking opportunities and we can't wait to see the deals that come out of these pitches and relationships. EXNW also made space for the EliminateHate team to amplify the work they have been doing throughout the year.

Updates from the RESO and VAFF advocacy work for mandated racial equity targets

RESO and VAFF's advocacy resulted in Knowledge Network mandates of 50% funding for BPOC commissioning projects and KN recently announced the greenlighting of a new slate of compelling documentaries with racialized filmmakers leading 3 of the 4 documentaries.

<https://www.knowledge.ca/media-releases/2023/08/14/knowledge-green-lights-new-slate-compelling-documentaries>

RESO's 2022 equity report "National Film Board of Whose Canada?" <https://www.reso-ca.org/news> with VAFF support, resulted in the National Film Board of Canada's recent announcement of its commitment that "By March 31, 2025, the NFB commits that more than 30% of its current production and co-production projects will be made by filmmakers/artists who identify as Black and People of Colour (BPOC). This figure represents a minimum: the NFB is aiming for more but certainly not less than this objective." <https://production.nfbonf.ca/en/equity/>

RESO looks forward to continuing to work closely with VAFF and its many community partners to continue to advocate for mandated racial equity targets for funding.
